

The Age of Enterprise

Discussion Leader:

Dr Gregory Schneider

Date: August 4, 2020

This seminar will be online using either WebEx or Zoom platform. The correct link will be forwarded to you within two weeks prior to the seminar.

About this event:

■ How did nationalism influence the pro-imperialism argument that guided Theodore Roosevelt? Did nationalism have any influence in the government's laissez-faire policies that consequently ceded power to corporate moguls and "robber barons"? This seminar considers the role of nationalism, imperialism and the expansion of the American free enterprise system.
