

Technology; Getting the Most Out of Being 1:1

Having 1:1 technology in your classroom is great!

This workshop is all about figuring out how best to use your resources to enhance student learning. Learn how to use a variety of FREE tech tools for student projects, assessments, classroom management, and more!

You will leave being able to:

- Identify multiple tech tools that teachers are excited to use in their classrooms
- Maximize student retention through engaging digital projects and assessments
- Provide opportunities for student collaboration in the 21st Century classroom

Presenter

Dustin Harrison is a teacher with Western Boone School Corporation. He went to Fountain Central High School, then Purdue University and graduated with a degree in Social Studies Education. Currently Dustin teaches two sections of AP World History and four sections of World History. He also
