WVEC Title IV

Digital tools make it easier than ever to elevate, energize and level the playing field in your classroom. Join Dr. Monica Burns, author of Taming the Wild Text, as she shares strategies for balancing the traditional and the digital with engaging reading instruction.

In this session, you will learn about Monica's favorite technology tools for digital readers. These tools are perfect for K-12 teachers and totally customizable for your learning goals. The goal of this session is to help educators understand the power of technology in the hands of digital readers through the presentation of a series of tools in the context of classroom learning experiences.

Join Dr. Burns as she shares her favorites tools for Chromebooks, iPads and any device you have as you help readers across subject areas tame the wild text.

About the Presenter

Dr. Monica Burns is a Curriculum and EdTech Consultant, Apple Distinguished Educator and Founder of ClassTechTips.com. Monica was part of her school's leadership team and was a vocal advocate for bringing one-to-one technology into her classroom. As a classroom teacher, Monica used iPads to create an engaging, differentiated learning experience to meet the unique needs of her students. Realizing the power of digital tools in the classroom, Monica started ClassTechTips.com to provide a resource for educators.

Since starting ClassTechTips.com, Monica has presented to teachers, administrators and tech-enthusiasts at numerous national and international conferences including SXSWedu, ISTE, FETC and EduTECH. She is a webinar host for SimpleK12 and a regular contributor to Edutopia. Monica is the author of Tasks Before Apps: Designing Rigorous Learning in a Tech-Rich Classroom (ASCD), #FormativeTech: Meaningful, Sustainable, and Scannable Formative Assessment with Technology (Corwin), Deeper Learning with QR Codes and Augmented Reality (Corwin), and co-author of Taming the Wild Text: Literacy Strategies for Today's Reader (Shell).

Monica visits schools across the country to work with PreK-20 teachers to make technology integration exciting and accessible. In addition to being named an Apple Distinguished Educator in 2013, Monica is a graduate of the University of Delaware and Hunter College, and completed a Doctorate in Global Education Leadership at Lamar University in 2016.
