How Pastoral Care supports families and staff
4:00 pm  Closing & Summary

About the Conference

The Pediatric Care Conference is a multidisciplinary conference for professional nurses and other healthcare providers caring for the pediatric patient and their families in the acute care setting. This one-day conference will feature a morning session highlighted by the keynote presentation, followed by afternoon breakout sessions where attendees can choose from a variety of multidisciplinary topics.

Continuing Education

Continuing education contact hours will be provided for nursing and social work. Participants must attend the entire day.

St. David’s Institute for Learning is an approved provider of continuing nursing education by the Texas Nurses Association, an accredited approved by the American Nurses Credentialing Center’s Commission on Accreditation.

St. David’s Children’s Hospital

St. David’s Children’s Hospital, located at St. David’s North Austin Medical Center, opened in December 2014. It is a separate, dedicated 10-bed emergency department, an 8-bed medical surgical inpatient unit and a 6-bed pediatric intensive care unit for children ages 17 and under. It is staffed with pediatric physicians, including pediatric hospitalists, intensivists and other specialties, as well as nurses and a number of ancillary staff specially trained to care for children. St. David’s Children’s Hospital provides patients with a wide array of pediatric services, including pediatric surgery with a dedicated operating room exclusively for pediatric patients; pediatric radiology for interpretation of studies, as well as interventional services; pediatric anesthesia, as needed for surgical support; and a wide range of pediatric specialties available for consult and treatment, including cardiology, orthopedics, neurology and urology, among others. For more information, please visit StDavids.com/Kids.
