Cancellations and Refunds for CE Registrations:

A registration refund, less a $50 fee, will be issued for cancellations received by Tuesday, July 7, 2015. Cancellations must be received in writing either by fax 919-537-3098 or e-mail to cde@dentistry.unc.edu. The cancellation request must include: the name of the activity, name of the person registered, name of the person requesting the cancellation, and the reason for the cancellation. No refunds will be issued after Tuesday, July 7, 2015. The UNC School of Dentistry Continuing Dental Education Program cannot be responsible for the refund of any part of the registration fee as a result of emergencies, unforeseen circumstances, or events beyond its control after the cancellation date. Payments made by credit card will be refunded by credit card.

The University reserves the right to cancel or postpone any course due to unforeseen circumstances. In the event of cancellation or postponement, the University will fully refund registration fees but is not responsible for any related costs or expenses to participants, including cancellation fees assessed by hotels, airlines, rental car or travel agencies.

NOTE: UNC CDE recommends that you do not make air travel arrangements prior to receiving a receipt of payment or confirmation. UNC CDE is not responsible for any travel-related costs.
John Ludlow, DDS, MS, is an adjunct professor in the Department of Diagnostic Sciences of the UNC School of Dentistry. He received his D.D.S. and M.S. in oral and maxillofacial radiology from the University of Michigan. He taught 10 years at the University of Michigan and 25 years at UNC prior to retiring to part-time private practice as a reading oral and maxillofacial radiologist. He is a past president of the American Board of Oral Radiology and past president of the American Board of Oral Medicine as well as past chairman of the Board of the Caring Dental Professionals of North Carolina. He continues to serve on the North Carolina Radiation Protection Commission as well as the editorial boards of Oral Surgery Oral Medicine Pathology and Radiology and Dentomaxillofacial Radiology. He has over 100 scientific publications and was the awarded the AADR/Whamatt Award for the best radiology research paper in 2001 and 2007.

Sally Mauriello, RDH, M.Ed. is a faculty member in the Department of Dental Ecology at the UNC School of Dentistry. She received her A.A.S. in dental hygiene from Central Community College and a B.S. in Dental Auxiliary Teacher Education from the University of North Carolina at Chapel Hill, and her Ed.D in Adult and Community College Education from North Carolina State University. Dr. Mauriello has taught radiology since 1980 and co-authored a radiology textbook. In addition to her teaching duties, she is a site visitor and reviewer committee member for the Commission on Dental Accreditation. Vickie Overman, RDH, M.Ed. previously served as the Director of the Undergraduate Dental Education Programs in the Department of Dental Ecology at the UNC School of Dentistry in Chapel Hill for 30 years. During this time, she was responsible for the radiation education of students in the dental hygiene curriculum from 1981 and a master’s degree in adult education in 1983. While at UNC, she helped develop and teach courses in clinical dental radiology, dental materials, clinical dental hygiene and community dental health. She has presented continuing education courses at the local, state, national and international levels for many years.

John Ludlow, DDS, MS, is an adjunct professor in the Department of Diagnostic Sciences of the UNC School of Dentistry. He was trained in radiographic techniques as a New York political scientist and hospital, received a B.A. in romance languages and physical sciences from Queens College, City University of New York, an M.S. in education from Western Illinois University, and a Ph.D. in education and adult community college education from North Carolina State University.

Donald (Don) Tyndall, DDS, MSPH, Ph.D is a professor in the Department of Diagnostic Sciences of UNC. He received his D.D.S. from UNC School of Dentistry, his M.S.P.H. in radiological hygiene and medical physics from the University of Michigan, and his Ph.D. in health physics and radiation biology from UNC. Since 1985, he has been full professor of radiology in addition to serving as the associate director for two pre-doctoral radiology courses. Additionally, he has served as a commissions on the NC Radiation Protection Commission, program director of the Oral and Maxillofacial Radiology Graduate Program, and director and past president of the American Board of Oral and Maxillofacial Radiology. He was a diplomate of the American Board of Oral and Maxillofacial Radiology as well as the councilor for Scientific Affairs and Public Policy of the American Academy of Oral and Maxillofacial Radiology. His work has been published in more than 90 journal articles.

Course Description
This course is designed as an interactive experience to allow dental educators to update their dental radiology concepts and apply this information using various learning strategies. The Commission on Dental Accreditation standards will be addressed as well as measurements, strategies and applications of learning principles in the classroom and laboratory settings. Highlights of radiology concepts will be presented, including projection, technique, contrast, geometry/technique errors, digital radiography, grading calibration, advanced imaging, quality assurance, educational theory and radiographic interpretation. Laboratory activities will supplement the concepts that are presented.

Course Objectives
At the completion of this activity, participants should be able to:

- Discuss adult learning principles and apply them to educational situations.
- Discuss Commission on Dental Accreditation standards for radiology and apply them to program outcomes and measurement strategies.
- Develop performance criteria and discuss faculty calibration for grading dental radiographs.
- Discuss current theories in dental radiology.
- Develop laboratory activities to enhance didactic concepts.

ADA CERP® Continuing Education Recognition Program
The UNC School of Dentistry is an ADA CERP Recognized Provider. This continuing education program is presented by the University of North Carolina at Chapel Hill School of Dentistry and the Continuing Dental Education Program. The UNC Continuing Dental Education program (as an ADA CERP Recognized Program) is a member of the ADA CERP’s list of recognition as of May 1, 2014. For the year ending June 30, 2019, ADA CERP is a service of the American Dental Association to assist dental educators in identifying quality providers of continuing dental education. ADA CERP does not approve or endorse individual courses of clinical or continuing education. ADA CERP status indicates compliance with ADA Standards but does not guarantee the clinical acceptability of credit hours by boards of dental examiners. Concerns or complaints about a CE provider may be directed to the provider or to ADA CERP at www.ada.org/cerp.

Friday, July 17, 2015
8:00-9:30 Registration/Continental Breakfast
9:30-11:00 Update on Infection Control
Issues in Radiology
11:00-12:00 Lunch
12:00-1:00 Radiographic Interpretation
1:00-3:00 Shading
3:00-4:00 Lunch
4:00-5:00 Intra-Oral Technique Errors
5:00-6:00 Dinner
Saturday, July 18, 2015
8:00-9:30 Registration/Continental Breakfast
9:30-10:00 Radiographic Interpretation
10:00-11:00 Intra-Oral Technique Errors
11:00-12:00 Lunch
12:00-1:00 Radiographic Interpretation
1:00-2:00 Advanced Imaging
2:00-3:00 Lunch
3:00-4:00 Quality Assurance
4:00-5:00 Advanced Imaging
5:00-6:00 Dinner

Registration Fee and Credit
Register on or before May 15, 2015, and the registration fee is $750. After May 15, 2015, the registration fee is $850. This deadline is July 7, 2015. A continental breakfast and lunch will be provided with your paid registration.

UNC Continuing Dental Education Designates this activity for up to 22 hours of continuing education credit.
Meet the Speakers
John Ludlow, DDS, MS, is an adjunct professor in the Department of Diagnostic Sciences of the UNC School of Dentistry. He received his D.D.S. and M.S. in oral and maxillofacial radiology in 1975. He taught 10 years at the University of Michigan and 25 years at UNC prior to retiring to part-time private practice as a radiation oncologist. He is a past president of the American Board of Oral and Maxillofacial Radiology and past president of the American Board of Oral and Maxillofacial Radiology and was a commissioner on the NC Radiation Protection Commission as well as the editorial boards of Oral Surgery, Oral Medicine, Oral Pathology and Radiology and Dental Materials. He has over 100 scientific publications and was awarded the AADR Weirhmann Prize for the best radiology research paper in 2001 and 2007.

Sally Maurillo, RDH, MEd, served as the Chief of the Department of Dental Ecology at the UNC School of Dentistry. She received her A.A.S. in dental hygiene from Central Georgia Technical College, an M.S. in dental auxiliary teacher education from the University of North Carolina at Chapel Hill, and her Ed.D. in Adult and Community College Education from North Carolina State University. Dr. Maurillo has taught radiology since 1980 and co-authored a radiology textbook. In addition to teaching, she is a site visitor and review committee member for the Commission on Dental Accreditation.

Vickie Overman, RDH, M.Ed., previously served as the Director of the Undergraduate Dental Hygiene Program and the Department of Dental Ecology at the UNC School of Dentistry in Chapel Hill for 32 years. She received her B.S. in dental auxiliary teacher education from Queens College, City University of New York, an M.S. in education from Western Illinois University, and a doctorate degree in health occupations education and administration from Queens College, City University of New York. While at UNC her teaching responsibilities included clinical dental radiology, dental communication, and M.S. in oral diagnosis and radiology from the University of Michigan. She has over 100 scientific publications and was awarded the AAOMR Weirhmann Prize for the best radiology research paper in 2001 and 2007.

Course Description
This course is designed as an interactive experience to allow dental educators to update their dental radiology concepts and apply this information using various learning strategies. The Commission on Dental Accreditation standards will be addressed, as well as measurements, strategies and applications of learning principles in the classroom and laboratory settings. Highlights of radiology and radiation protection will be discussed, including as well as digital display, geometry/technique errors, digital radiography, grading calibration, advanced imaging quality assurance, educational theory and radiographic interpretation. Laboratory activities will supplement the concepts that are presented.

Course Objectives
At the completion of this activity, participants should be able to:
• Discuss adult learning principles and apply them to educational situations.
• Develop educational standards for radiology and apply them to program outcomes and measurement strategies.
• Develop performance criteria and discuss faculty calibration for grading laboratory activities.
• Discuss current theories in dental radiology.
• Develop laboratory activities to enhance didactic concepts.

ADA CERP® Continuing Education Recognition Program
The UNC School of Dentistry is an ADA CERP Recognized Provider.
This continuing education program is presented by the University of North Carolina School of Dentistry and the Continuing Dental Education Program. The UNC Continuing Dental Education program is an ADA CERP Recognized Provider. ADA CERP is a service of the American Dental Association to assist educational programs in identifying quality providers of continuing dental education. ADA CERP does not approve or endorse individual courses of programs. The credit provided through this course is based on a digital clock reading of heart beats by dental technologists. Consent or concerns about a CE provider may be directed to the provider or to ADA CERP at www.ada.org/cerp.
Meet the Speakers

John Ludlow, DDS, MS, is an adjunct professor in the Department of Diagnostic Sciences of the UNC School of Dentistry. He received his D.D.S. and M.S. in oral and maxillofacial radiology and is a Diplomate of the American Board of Oral and Maxillofacial Radiology. Additionally, he has served as a commissioner on the NC Radiation Protection Commission, program director of the Oral and Maxillofacial Radiology Graduate Program, and director and past president of the American Board of Oral and Maxillofacial Radiology and as well as the councillor for Scientific Affairs and Public Policy of the American Academy of Oral and Maxillofacial Radiology. His work has been published in more than 85 journal articles.

Course Description

This course is designed as an interactive experience to allow dental educators to update their dental radiology concepts and apply this information using various learning strategies. The Commission on Dental Accreditation standards will be addressed, as well as measurements, strategies and applications of learning principles in the classroom and laboratory settings. Highlights of radiologic sciences will be presented, including digital projection geometry/technique errors, digital radiography, grading calibration, advanced imaging, quality assurance, educational theory, and radiographic interpretation. Laboratory activities will supplement the concepts that are presented.

Course Objectives

At the completion of this activity, participants should be able to:
• Discuss adult learning principles and apply them to educational situations.
• Discuss the Commission on Dental Accreditation standards for radiology and apply them to program outcomes and measurement strategies.
• Develop performance criteria and discuss faculty calibration for grading dental radiographs.
• Discuss current theories in dental radiology.
• Develop laboratory activities to enhance didactic concepts.

ADA CERP® Continuing Education Recognition Program

The UNC School of Dentistry is an ADA CERP Recognized Provider. This continuing education program is presented by the University of North Carolina School of Dentistry, Oral and Maxillofacial Radiology, and the Carolina Academy of Oral and Maxillofacial Radiology. The program is authorized for 20 hours of Category I continuing education credit as a Dental Hygiene, Doctor of Dental Medicine, and General Dentistry credit. The following prerequisites are recommended: 10 hours of didactic and/or clinical training in diagnostic radiology.

The University of North Carolina School of Dentistry cautions continuing dental education participants that there are potential risks of using limited science knowledge when incorporating new techniques and procedures in the practice of dentistry, especially when the continuing education course has not provided supervised clinical experience and/or competency tests in the technique or procedures.

Conflict of Interest

In accordance with the ADA CERP Standard V. everyone involved in planning, in providing, and in delivering the continuing educational activity will be required to disclose any relevant financial relationships that exist with any commercial entity. This information will be made available to participants at the start of the activity.

As a continuing education provider, UNC School of Dentistry is responsible for ensuring the quality, content and scientific integrity of all continuing dental education activities for which credit is provided. The School is also responsible for taking steps to protect against or resolve any conflict of interest of the faculty/instructors presenting those courses.

The University of North Carolina School of Dentistry cautions continuing dental education participants that there are potential risks of using limited science knowledge when incorporating new techniques and procedures in the practice of dentistry, especially when the continuing education course has not provided supervised clinical experience and/or competency tests in the technique or procedures.

Register on or before May 15, 2015, and the registration fee is $750.

Register before June 30, 2015, and the registration fee is $795.

Time and Location

The program will be held at the UNC School of Dentistry. Registration begins each day at 8:00am.

Wednesday, July 15, 2015
8:00–8:30 Registration/Continental Breakfast
8:30–10:00 Principles of Digital Radiography and Risk Update
10:00–10:15 Break
10:15–12:00 Learning Principles + Teaching Strategies + Adult learning
12:00–1:00 Lunch
1:00–2:30 Performance Criteria + Faculty Calibration + Activity
2:30–2:45 Break
2:45–3:15 Grading – Pulling it into a Grading Scale
3:15–3:40 Faculty Calibration + Activity

Thursday, July 16, 2015
8:00–8:30 Registration/Continental Breakfast
8:30–9:30 Radiation Accreditation Standards & Developing Radiology Outcomes and Measures
9:30–10:30 Quality Assurance in Dental Radiology
10:30–11:45 Break
11:45–1:00 Lab – Problem-Solving Basic Oral-Ortho+Intra-Oral Technique Errors
1:00–1:15 Lab – Oral Lab
3:00–4:00 Lab – Oral Quality Assurance Techniques

Friday, July 17, 2015
8:00–8:30 Registration/Continental Breakfast
8:30–9:30 Update on Infection Control Issues in Radiology
9:30–10:30 Advanced Imaging (New Horizons)
10:30–11:45 Break
11:45–1:00 Lab – Problem-Solving Intra-Oral Technique Errors
1:00–2:30 Lab – Oral Lab
2:30–4:30 Lab – Oral Quality Assurance Techniques

Register for on or before May 15, 2015, and the registration fee is $750.

After May 15, 2015, the registration fee is $795.

The registration deadline is July 7, 2015. A continental breakfast and lunch will be provided with your official program material.
Meet the Speakers
John Ludlow, DDS, MS is an adjunct professor in the Department of Diagnostic Sciences of the UNC School of Dentistry. He received his D.D.S. and M.S. in oral and maxillofacial radiology in 1980 from the University of Michigan, Ann Arbor. He taught 10 years at the University of Michigan and 25 years at UNC prior to retiring to part-time private practice as a reading oral and maxillofacial radiologist. He is a past president of the American Board of Oral and Maxillofacial Radiology and past director of the American Board of Oral Medicine as well as past board member of the Board of the Caring Dental Professionals of North Carolina. He continues to serve on the North Carolina Radiation Protection Commission as well as the editorial boards of Oral Surgery Oral Medicine Pathology and Radiology and Dentomaxillofacial Radiology. He has over 100 scientific publications and was awarded the AAOMR Weichman Prize for the best radiology research paper in 2001 and 2007.
Sally Maurillo, RDH, MS is an adjunct professor in the Department of Dental Ecology at the UNC School of Dentistry. She received her A.A.S. in dental hygiene from Central Monticello Technical College in Dental Auxiliary Education from the University of North Carolina at Chapel Hill, and her M.S. in Adult and Community College Education from North Carolina State University. Dr. Maurillo has taught radiology since 1980 and co-authored a radiology textbook. In addition, she has served as a site visitor and review committee member for the Commission on Dental Accreditation.
Enrique (Rick) Platin, RTR, MS, Ed.D. is a professor in the Department of Dental Radiography and Digital Imaging at Queens College, City University of New York, and received a B.A. in romance languages and physical sciences from New York University. He trained in radiological sciences at New York Policlinic Medical School and regularly presents radiology courses at the local, state, national and international levels for many years.

Course Description
This course is designed as an interactive experience to allow dental educators to update their dental radiology concepts and apply this information using various learning strategies. The Commission on Dental Accreditation standards will be addressed, as well as measurements, strategies and applications of learning principles in the classroom and laboratory settings. Highlights of radiography technology and image quality, image interpretation, projection/geometry/technique errors, digital radiography, grading calibration, advanced imaging, quality assurance, educational theory and radiographic interpretation. Laboratory activities will supplement the concepts that are presented.

Course Objectives
At the completion of this activity, participants should be able to:
• Discuss adult learning principles and apply them to educational situations.
• Discuss Commission on Dental Accreditation standards for radiology and apply them to program outcomes and measurement strategies.
• Develop performance criteria and discuss faculty calibration for grading radiographic images.
• Discuss current theories in dental radiology.
• Develop laboratory activities to enhance didactic concepts.

Cancellations and Refunds for CE Registrations:

A registration refund, less a $50 fee, will be issued for cancellations received by Tuesday, July 7, 2015. Cancellations must be received in writing either by fax 919-537-3098 or email to cde@dentistry.unc.edu. The cancellation request must include: the name of the activity name of the person registered, name of the person requesting the cancellation, and the reason for the cancellation. No refunds will be issued after Tuesday, July 7, 2015. The UNC School of Dentistry Continuing Dental Education Program cannot be responsible for the refund of any part of the registration fee as a result of emergencies, unforeseen circumstances, or events beyond its control after the cancellation date. Payments made by credit card will be refunded by credit card.

The University reserves the right to cancel or postpone any course due to unforeseen circumstances. In the event of cancellation or postponement, the University will fully refund registration fees but is not responsible for any travel-related costs, including cancellation fees assessed by hotels, airlines, rental car or travel agencies.

Cancellations and Refunds for CE Registrations:

A registration refund, less a $50 fee, will be issued for cancellations received by Tuesday, July 7, 2015. Cancellations must be received in writing either by fax 919-537-3098 or email to cde@dentistry.unc.edu. The cancellation request must include: the name of the activity name of the person registered, name of the person requesting the cancellation, and the reason for the cancellation. No refunds will be issued after Tuesday, July 7, 2015. The UNC School of Dentistry Continuing Dental Education Program cannot be responsible for the refund of any part of the registration fee as a result of emergencies, unforeseen circumstances, or events beyond its control after the cancellation date. Payments made by credit card will be refunded by credit card.

The University reserves the right to cancel or postpone any course due to unforeseen circumstances. In the event of cancellation or postponement, the University will fully refund registration fees but is not responsible for any travel-related costs, including cancellation fees assessed by hotels, airlines, rental car or travel agencies.

NOTE: UNC CDE recommends that you do not make air travel arrangements prior to receiving a receipt of payment or confirmation. UNC CDE is not responsible for any travel-related costs.
