The Epidemiology of Infection Control in Dentistry: Principles and Particulars of Protection (SPICE)

Principles and Particulars of Protection (SPICE)

Friday, October 9, 2015

LOCATION: The William and Ida Friday Center for Continuing Education
UNC Campus Box 7450
Chapel Hill, NC 27599-7450

This continuing education program is presented by the University of North Carolina at Chapel Hill School of Dentistry and the Continuing Dental Education Program. The UNC Continuing Dental Education Program is an ADA CERP Recognized Provider. UNC CDE’s term of recognition is May 1, 2015 through June 30, 2019. ADA CERP is a service of the American Dental Association to assist dental professionals in identifying quality providers of continuing dental education. ADA CERP does not approve or endorse individual courses or instructors, nor does it imply acceptance of credit hours by boards of dentistry. Concerns or complaints about a CE provider may be directed to the provider or ADA CERP at www.adacerp.org/phonetext.
The NC Administrative Code specifies that each health care organization in the State, including dentistry, shall designate a staff member to direct infection control activities. The NC Administrative Code specifies that each health care organization in the State, including dentistry, shall designate a staff member to direct infection control activities. This designated staff member who has been identified as the person who will oversee the infection control activities in your office. Any time the person placed in charge of your infection control office changes, the new person should attend the NC Infection Control training as mandated by the Statewide Program for Infection Control and Epidemiology (SPICE).

The NC Administrative Code specifies that each health care organization in the State, including dentistry, shall designate a staff member to direct infection control activities. This designated staff member who has been identified as the person who will oversee the infection control activities in your office. Any time the person placed in charge of your infection control office changes, the new person should attend the NC Infection Control training as mandated by the Statewide Program for Infection Control and Epidemiology (SPICE). This course satisfies the required Infection Control training as mandated by the Statewide Program for Infection Control and Epidemiology (SPICE). The course focuses on tobacco and viral co-factors in oral carcinogenesis and aspects of vital bleaching. Dr. Murrah has received teaching awards from multiple universities. Her research focuses on tobacco and viral co-factors in oral carcinogenesis and aspects of vital bleaching.

Dr. Valerie Murrah currently serves as a professor and chair of the School of Dentistry Department of Diagnostic Sciences. She also holds a joint appointment with the UNC School of Pharmacy in the pharmacy and osteology. Dr. Murrah obtained her D.M.D. from Southern Illinois University and her anatomic pathology training at the University of Cincinnati before pursuing her advanced training in oral and maxillofacial pathology at the University of Minnesota and her anatomic pathology training at the New York Medical College. She served on the faculty at the University of Minnesota School of Dentistry from 1983-87 where she served as Director of the Oral Diagnosis and Emergency Clinics and the schools first Infection Control Committee Chair. In 1988, Dr. Murrah joined the Department of Pathology of the Texas Health Science Center at San Antonio. In 1984, she moved to Atlanta and joined the Pathology Department at Emory University School of Medicine where she served as research director for the Division of Oral, Head and Neck Pathology. Dr. Murrah has received teaching awards from multiple universities. Her research focuses on tobacco and viral co-factors in oral carcinogenesis and aspects of gene therapy for oral cancer.

SPEAKERS

Dr. Ralph Leonard is the practice director of the Dental Faculty Practice and holds the Jim and Isabel Harrell Distinction Professorship in Family Dentistry. He is a member of the Department of Operative Dentistry and is primarily responsible for clinical teaching, comprehensive care program, and patient care in the Dental Faculty Practice. Dr. Leonard graduated from the UNC School of Dentistry in 1985 and is a member of Omicron Kappa Upsilon Dental Society. He was in private practice before joining the UNC dental faculty full-time in 1989. He is a member of the UNC School of Dentistry’s SAGE (Senior Adult Group Education) program. Dr. Leonard’s research interests include patient care delivery systems and nightguard whitening.

Dr. Mary Jane Leonard is a member of the UNC School of Dentistry’s SAGE (Senior Adult Group Education) program. Dr. Leonard’s research interests include patient care delivery systems and nightguard whitening.

SCHEDULE

STATE GUIDELINES

This activity fulfills the required mandate by the North Carolina Statute §20-6, Infection Control in Health Care Facilities Rule, which requires that there be one person designated in each health facility (i.e., dental office practice) who has completed the certified or state-approved §20-6 Infection Control Course.

This course provides updated information relating to the NC laws concerning Infection Control Dental Practices; OSHA Bloodborne Pathogen Standards; Epidemiology; and Risk of Infection in the Dental Office. Outbreaks and Safe Injection Practices; Principles/Practices of Asepsis and Hand Hygiene; Disinfection and Sterilization in Dental Practice – all according to CDC, OSHA, and OSAP guidelines.

Course Duration

8:30 a.m. Registration
9:00 a.m. Infection Control and Dental Practices
9:30 a.m. Epidemiology and Risk of Infection in the Dental Office
10:45 a.m. Break
11:00 a.m. Principles/Practices of Asepsis and Hand Hygiene
11:45 a.m. Environmental Issues in Dental Practice
12:15 p.m. Lunch
1:15 p.m. Disinfection and Sterilization in Dental Practice
3:00 p.m. Break
3:45 p.m. Outbreaks and Safe Injection Practices
4:15 p.m. Question & Answers; Evaluations
4:30 p.m. End of Program

CANCELLATION AND REFUNDS

A registration refund, less a $50 fee, will be issued for cancellations received by Friday, October 2, 2015. Cancellations must be received in writing either by fax at 919-841-1486 or email cde@dentistry.unc.edu. The cancellation request must include: the name of the activity, the name of the person requesting the cancellation and the reason for the cancellation. No refunds will be issued after Friday, October 2, 2015. The UNC School of Dentistry Continuing Dental Education Program cannot be responsible for the refund of any part of the registration fee as a result of emergencies, unforeseen circumstances, or events beyond its control after the cancellation date. Payments made by credit card will be refunded by credit card.

The University reserves the right to cancel or postpone any course due to unforeseen circumstances. In the event of cancellation or postponement, the University will fully refund registration fees but is not responsible for any related costs or expenses to participants, including cancellation fees assessed by hotels, airline or travel agencies. Special dietary requirements will be honored whenever possible. Please be sure to notify our office in writing of your special need no later than Friday, October 2, 2015.

DISCLOSURE STATEMENT

In accordance with the ADA CERP Standard V., everyone involved in planning or presenting this educational activity will be required to disclose any relevant financial relationships with commercial interests and this information will be made available to participants at the start of the activity. As a continuing education provider, UNC School of Dentistry is responsible for documenting and informing the public about the content and funding of all continuing dental education activities for which credit is provided. The School is also responsible for taking steps to protect against and/or disclose any conflict of interest of the faculty/instructors presenting these courses.

REGISTRATION FEE AND CREDIT

The registration fee is $250 for dentists and $140 for team members. UNC Continuing Dental Education designates this activity for up to 6 hours of continuing education credit. The registration deadline is October 2, 2015. A continental breakfast and lunch will be provided with your paid registration.

STATE GUIDELINES

This activity fulfills the required mandate by the North Carolina Statute .0206, Infection Control in Health Care Facilities. This guide requires that there be one person designated in each health facility (i.e., dental office practice) who has completed the certified or state-approved .0206 facility (i.e., dental office practice) who has completed the certified or state-approved .0206 Infection Control Course.

This course provides updated information relating to the NC laws concerning Infection Control Dental Practices; OSHA Bloodborne Pathogens Standard; Epidemiology and Risk of Infection in the Dental Office; Outbreaks and Safe Injection Practices; Principles/Practices of Asepsis and Hand Hygiene; Disinfection and Sterilization in the Dental Practice; Environmental Issues in Dental Practices – all according to CDC, OSHA, and OSAP guidelines.

SPICE is a required course. Annual OSHA updates do not fulfill this requirement of this course. This course will meet OSHA’s annual training requirements (except for office specifics).

Please Note:
Your annual OSHA-training course will not meet the state requirement for SPICE Infection Control. The best way to verify that at least one person in every dental office must complete the state-approved addressing the topics listed above.

SPEAKERS

Dr. Ralph Leonard is the practice director of the Dental Faculty Practice and holds the Jem and Isabel Harrell Distinctive Positionship in Family Dentistry. He is a member of the Department of Operative Dentistry and is primarily responsible for clinical teaching, comprehensive care provision and patient care in the Dental Faculty Practice. Dr. Leonard graduated from the UNC School of Dentistry in 1985 and is a member of Omicron Kappa Upsilon Dental Society. He was in private practice before joining the UNC dental faculty full-time in 1989. He is a member of the UNC School of Dentistry’s Infection Control Committee. Dr. Leonard’s research interests include patient care delivery systems and nightguard whitening.

Dr. Valerie Murrah currently serves as a professor and chair of the School of Dental Diseases. She also holds a joint appointment with the UNC School of Public Health in the public health and epidemiology. Dr. Murrah obtained her D.M.D. from Southern Illinois University at Edwardsville before pursuing her advanced training in oral and maxillofacial pathology at the University of Minnesota and her anatomic pathology training at the Herman Hospital Medical College in Houston. She served on the faculty at the University of Minnesota School of Dentistry from 1985-97 where she served as chair of the Oral Diagnosis and Emergency Clinics and the schools first Infection Control Committee Chair. In 1988, Dr. Murrah joined the Department of Pathology of the University at San Antonio. In 1994, she moved to Atlanta and joined the Pathology Department at Emory University School of Medicine where she served as research director for the Division of Oral, Head and Neck Pathology. Dr. Murrah has received teaching awards from many universities. Her research focuses on tobacco and viral co-factors in oral carcinogenesis and aspects of gene therapy for oral cancer.

TIME & LOCATION

The program will be held at the William and Lisa Friday Center for Continuing Education. Registration will begin at 8:30 a.m. The program will be held from 9:00 a.m. – 4:30 p.m. The Friday Center is located on Friday Center Drive just off Highway 94 on the east side of Chapel Hill. Parking permits are required at the Friday Center and will be e-mailed to you with your course confirmation.

REGISTRATION FEE AND CREDIT

The registration fee is $290 for dentists and $140 for team members. UNC Continuing Dental Education designates this activity for up to 6 hours of continuing education credit. The registration deadline is October 2, 2015. A continental breakfast and lunch will be provided with your paid registration.

CANCELLATIONS AND REFUNDS

A registration refund, less a $50 fee, will be issued for cancellations received by Friday, October 2, 2015. Cancellations must be received in writing either by email at cde@dentistry.unc.edu or by phone at 919-537-3098. The cancellation request must include: the name of the activity, the name of the person requesting the cancellation and the reason for the cancellation. No refunds will be issued after Friday, October 2, 2015. The UNC School of Dentistry Continuing Dental Education Program cannot be responsible for the refund of any part of the registration fee as a result of emergencies, unforeseen circumstances, or events beyond its control after the cancellation date. Payments made by credit card will be refunded by credit card.

The University reserves the right to cancel or postpone any course due to unforeseen circumstances. In the event of cancellation or postponement, the University will fully refund registration fees but is not responsible for any related costs or expenses to participants, including cancellation fees assessed by travel agents, airline tickets, or hotel reservations. Special dietary requirements will be honored whenever possible. Please be sure to notify our office in writing of your special need no later than Friday, October 2, 2015.

DISCLOSURE STATEMENT

In accordance with the ADA CERP Standard V, everyone involved in planning or presenting this educational activity will be required to disclose any relevant financial relationships with commercial interests and this information will be made available to participants at the start of the activity. As a continuing education provider, UNC School of Dentistry is responsible for documenting disclosure and ensuring that all continuing dental education activities for which credit is provided is the School is responsible for taking steps to protect against and/or disclose any conflict of interest of the faculty/instructors presenting these courses.

Who should attend?

New staff members, dentists, dental assistants, hygienists, and the untrained designated staff member who has been identified as the person who will oversee the infection control activities in your office. Any time the person placed in charge of infection control for your office changes, the new person should attend the NC required infection control training course for dental care office training program.

At the completion of this activity, participants should be able to:

1. Describe and discuss epidemiologic principles of infectious disease
2. Describe and discuss principles and practice of asepsis
3. Utilize sterilization, disinfection and sanitation practices
4. Demonstrate disposal of sharps
5. Communicate engineering controls to reduce the risk of sharp injuries
6. Demonstrate standard of sharps
7. Review state laws regarding HIV and Hepatitis B

Course description

The NC Administrative Code specifies that each health care organization in the State, including dentistry, shall designate a staff member to direct infection control activities in your office. Any time the person placed in charge of infection control for your office changes, the new person should attend the NC required infection control training course for dental care office training program.
SCHEDULE

8:30 a.m. Registration
9:00 a.m. Review of NC Laws Concerning Infection Control in Dental Practices

4:30 p.m. End of Program

STATE GUIDELINES

This activity fulfills the required mandate by the North Carolina State (NC) Infection Control in Health Care Facilities Rule, which requires that there be one person designated in each health facility (i.e., dental office practice) who has completed the certified or state-approved 0206: Office Infection Control Course.

This course provides updated information relating to the NC laws concerning Infection Control Dental Practices; OSHA Bloodborne Pathogen Standards; Epidemiology and Risk of Infection in the Dental Office; Outbreaks and Safe Injection Practices; Principles/Practices of Asepsis and Hand Hygiene; Disinfection and Sterilization in the Dental Practice; Environmental Issues in Dental Practices – all according to CDC, OSHA, and OSAP guidelines.

The NC Administrative Code specifies that each health care organization in the State, including dentistry, shall designate a staff member to direct infection control training. The NC statute is very clear that at least one person in every dental office must complete the state-approved course addressing the infection control training. The NC statute is very clear that at least one person in every dental office must complete the state-approved course addressing the infection control training. The person placed in charge of infection control activities in your office. Any time the person placed in charge of infection control for your office changes, the new person should attend the NC required infection control course for dental offices training program.

WHO SHOULD ATTEND?

New staff members, dentists, dental assistants, hygienists, and the untrained designated staff member who has been identified as the person who will oversee the infection control activities in your office. Any time the person placed in charge of infection control for your office changes, the new person should attend the NC required infection control course for dental offices training program.

AT THE COMPLETION OF THIS ACTIVITY, PARTICIPANTS SHOULD BE ABLE TO:

1. Describe and discuss epidemiologic principles of infectious disease
2. Describe and discuss principles and practice of asepsis
3. State sterilization, disinfection and sanitation practices
4. Restate universal and body fluid precautions
5. State engineering controls to reduce the risk of sharp injuries
6. Demonstrate standard of disposals
7. Review state laws regarding HIV and Hepatitis B

CANCELLATIONS AND REFUNDS

A registration refund, less a $50 fee, will be issued for cancellations received by Friday, October 2, 2015. Cancellations must be received in writing or via email to cde@dentistry.unc.edu. The cancellation request must include: the name of the activity, the name of the person requesting the cancellation and the reason for the cancellation. No refunds will be issued after Friday, October 2, 2015. The UNC School of Dentistry Continuing Dental Education Program cannot be responsible for the refund of any part of the registration fee as a result of unforeseen circumstances, such as natural disasters, vacations, or holidays.

DISCLAIMER STATEMENT

In accordance with the ADA CERP Standard IV, everyone involved in planning or presenting this educational activity will be required to disclose any relevant financial relationships with commercial interests and this information will be made available to participants at the start of the activity.

As a continuing education provider, UNC School of Dentistry is responsible for the programmatic and content integrity of all continuing dental education activities for which credit is provided. The School is also responsible for taking steps to protect against and/or disclose any conflict of interest of the faculty/instructors presenting those courses.
COURSE DESCRIPTION
The NC Administrative Code specifies that each health care organization in the State, including dentistry, shall designate a staff member to direct infection control activities. The designated staff member in each dental office shall complete a course in infection control addressing seven specific areas. This course satisfies the required Infection Control training as mandated by the Statewide Program for Infection Control and Epidemiology (SPICE).

WHO SHOULD ATTEND?
New staff members, dentists, dental assistants, hygienists, and the untrained designated staff member who has been identified as the person who will oversee the infection control activities in your office. Any time the person placed in charge of infection control changes for your office changes, the new person should attend the NC required infection control course for dental offices training program.

AT THE COMPLETION OF THIS ACTIVITY, PARTICIPANTS SHOULD BE ABLE TO:
1. Describe and discuss epidemiologic principles of infectious disease.
2. Describe and discuss principles and practice of asepsis.
3. Utilize sterilization, disinfection and sanitation practices.
4. Restate universal blood and body fluid precautions.
5. Discuss engineering controls to reduce the risk of sharp injuries.
6. Demonstrate disposal of sharps.
7. Review state laws regarding HIV and Hepatitis B.

SPICE is a required course. Annual OSHA updates do not fulfill this requirement of law. However, this course will meet OSHA’s annual training requirements (except for office specifics).

STATE GUIDELINES
This activity fulfills the required mandate by the North Carolina Statute .0206, Infection Control in Health Care Facilities Rule, which requires that there be one person designated in each health facility (i.e., dental office practice) who has completed the certified or state-approved .0206 course required for the Infection Control Course.

This course provides updated information relating to the NC laws concerning Infection Control Dental Practices; OSHA Bloodborne Pathogens Standards; Epidemiology and Risk of Infection in the Dental Office; Outbreaks and Safe Injection Practices; Principles of Asepsis and Hand Hygiene; Disinfection and Sterilization in the Dental Practice; Environmental Issues in Dental Practices – all according to CDC, OSHA, and SPICE guidelines.

SPEAKERS
Dr. Ralph Leonard is the practice director of the Dental Faculty Practice and holds the Jim and Isabel Harrell Distinguished Professorship in Family Dentistry. He is a member of the Department of Operative Dentistry and is primarily responsible for clinical teaching comprehensive care programs and patient care in the Dental Faculty Practice. Dr. Leonard graduated from the UNC School of Dentistry in 1985 and is a member of Omicron Kappa Upsilon Dental Society. He was in private practice before joining the UNC dental faculty full-time in 1989. He is a member of the UNC School of Dentistry’s Infection Control Committee. Dr. Leonard’s research interests include patient care delivery systems and small group teaching.

Dr. Valerie Murrah currently serves as a professor and chair of the School of Dentistry Department of Diagnostic Sciences. She also holds a joint appointment with the UNC School of Public Health in the pathology and epidemiology. Dr. Murrah obtained her D.M.D. from Southern Illinois University School of Medicine in 1981. She earned her Bachelor of Science degree in Chemistry and Biology from Rogers State University. She completed her residency in Oral and Maxillofacial Pathology at the University of Alabama at Birmingham. Dr. Murrah served on the faculty at the University of Minnesota School of Dentistry from 1985-87 where she was a member of the Oral Diagnosis and Emergency Clinics and the schools first Infection Control Committee Chair. In 1988, Dr. Murrah joined the Department of Pathology at the University of Texas Health Science Center at San Antonio. In 1984, she moved to Atlanta and joined the Pathology Department at Emory University School of Medicine where she served as research director for the Division of Oral and Head and Neck Pathology. Dr. Murrah has received teaching awards from multiple universities. Her research focuses on tobacco and viral co-factors in oral carcinogenesis and aspects of gene therapy for oral cancer.

TIME & LOCATION
The program will be held at the William and Ida Friday Center for Continuing Education. Registration will begin at 8:30 am. The program will be held from 9:00 am – 4:30 pm. The Friday Center is located on Friday Center Drive just off Highway 94 on the east side of Chapel Hill. Parking permits are required at the Friday Center and will be e-mailed to you with your course confirmation.

REGISTRATION FEE AND CREDIT
The registration fee is $250 for dentists and $110 for team members. UNC Continuing Dental Education designates this activity for up to 6 hours of continuing education credit. The registration deadline is October 2, 2015. A continental breakfast and lunch will be provided with your paid registration.

CANCELLATIONS AND REFUNDS
A registration refund, less a $50 fee, will be issued for cancellations received by Friday, October 2, 2015. Cancellations must be received in writing either by fax 919.966.7529 or email cde@dentistry.unc.edu. The cancellation request must include: the name of the activity, the name of the person requesting the cancellation, the reason for the cancellation and the reason for the cancellation. No refunds will be issued after Friday, October 2, 2015. The UNC School of Dentistry Continuing Dental Education Program cannot be responsible for the refund of any part of the registration fee as a result of emergencies, unforeseen circumstances, or events beyond its control after the cancellation date. Payments made by credit card will be refunded by credit card.

The University reserves the right to cancel or postpone any course due to unforeseen circumstances. In the event of cancellation or postponement, the University will fully refund registration fees but is not responsible for any related costs or expenses to participants, including cancellation fees assessed by airlines, rental cars or travel agencies.

Special dietary requirements will be honored whenever possible. Please be sure to notify our office in writing of your special need no later than Friday, October 2, 2015.

DISCLOSURE STATEMENT
In accordance with the ADA CERP (CE Program), everyone involved in planning or presenting this educational activity will be required to disclose any relevant financial relationships with commercial interests and this information will be made available to participants at the start of the activity.

As a continuing education provider, UNC School of Dentistry is responsible for ensuring the content, quality and scientific integrity of all continuing education activities for which credit is provided. ADA CERP* Continuing Education Recognition Program

This continuing education program is presented by the University of North Carolina at Chapel Hill School of Dentistry and the Continuing Dental Education Program. The UNC-Continuing Dental Education program is an ADA CERP Recognized Provider. UNC CDE’s term of recognition is May 1, 2015 through June 30, 2019. ADA CERP is a service of the American Dental Association to assist dental professionals in identifying quality providers of continuing dental education. ADA CERP does not approve or endorse individual courses or instructors, nor does it imply acceptance of credit-hours by boards of dentistry. Concerns or complaints about a CE provider may be directed to the provider or to ADA CERP at www.ada.org/goto/cerp

The UNC School of Dentistry is an ADA CERP Recognized Provider.

The Epidemiology of Infection Control in Dentistry: Principles and Particulars of Protection (SPICE)

Registration Deadline: Friday, October 2, 2015

**Please make additional copies for each person registering**

ADA CERP* Continuing Education Recognition Program

This continuing education program is presented by the University of North Carolina at Chapel Hill School of Dentistry and the Continuing Dental Education Program. The UNC-Continuing Dental Education program is an ADA CERP Recognized Provider. UNC CDE’s term of recognition is May 1, 2015 through June 30, 2019. ADA CERP is a service of the American Dental Association to assist dental professionals in identifying quality providers of continuing dental education. ADA CERP does not approve or endorse individual courses or instructors, nor does it imply acceptance of credit-hours by boards of dentistry. Concerns or complaints about a CE provider may be directed to the provider or to ADA CERP at www.ada.org/goto/cerp

The UNC School of Dentistry is an ADA CERP Recognized Provider.
