ACTIVITY DESCRIPTION

Comprehensive treatment planning of the complex aesthetic restorative case involving teeth and implants can be challenging. The key to success is to understand and develop predictable strategies in patient care.

This presentation will focus on diagnosis of dental and gingival architecture discrepancies. Solutions will focus on interdisciplinary treatment, including orthodontics, periodontics, and restorative dentistry. The latest research in these areas will be presented as well as innovative instrumentation to obtain theses goals.

THE SPEAKER

Dr. Stephen Chu maintains a dual academic appointment in the Ashman Department of Periodontology and Implant Dentistry at New York University College of Dentistry as well as the Department of Periodontology at Columbia University College of Dental Medicine as a Clinical Associate Professor. He also maintains a private practice in fixed prosthodontics, esthetic, and implant dentistry in New York City.

Dr. Chu has published extensively in the dental literature and has given lectures nationally and internationally on the subjects of esthetic, restorative, and implant dentistry. Dr. Chu is on the editorial review board of several peer-reviewed dental journals. He is the recipient of the prestigious Peter Schaar distinguished lecturer award from the European Academy of Esthetic Dentistry. Dr. Chu is also the creator of Chu’s Gauges manufactured by Hu-Friedy Co., Inc.

EDUCATIONAL OBJECTIVES

At the completion of this activity, participants should be able to:

1. Analyze and treat tooth size discrepancies as it relates to individual tooth esthetics, occlusion, and the Bolton Analysis.
2. Identify and comprehend the latest studies on tooth size and shape and whether gender differentiation exists.
3. Differentiate what esthetic determinants define gingival esthetics.

Agenda

Conflict of Interest: In accordance with the ADA CERP Standard V, everyone involved in planning or presenting this educational activity will be required to disclose any relevant financial relationships with commercial interests and this information will be made available to participants at the start of the activity. As a continuing education provider, UNC School of Dentistry is responsible for ensuring the content, quality and scientific integrity of all continuing dental education activities for which credit is provided. The School is also responsible for taking steps to protect against and/or disclose any conflict of interest of the faculty/instructors presenting those courses.

ADA CERP® Continuing Education Recognition Program
This continuing education program is presented by the
University of North Carolina School of Dentistry and Operative Dentistry. The UNC Continuing Dental Education program is an ADA CERP Recognized Provider. UNC CDEs term of recognition is May 1, 2015 through June 30, 2019. ADA CERP is a service of the American Dental Association to assist dental professionals in identifying quality providers of continuing education. ADA CERP does not approve or endorse individual courses or instructors, nor does it imply acceptance of credit hours by boards of dentistry. Concerns or complaints about a CE provider may be directed to the provider or to ADA CERP at www.ada.org/cerp.

CONFERENCE INFORMATION

Time & Location
The program will be held at the William and Ida Friday Center for Continuing Education. Registration will begin at 8:00 am. The program will be held from 8:30 am – 4:00 pm. The Friday Center is located on Friday Center Drive just off Highway 54 on the east side of Chapel Hill. A continental breakfast and lunch will be provided with your paid registration.

Registration Fee and Credit
The registration fee is $295 for dentists and $165 for team members. UNC Continuing Dental Education designates this activity for up to 6 hours of CDE credit.

Cancellations and Refunds:
A registration refund, less a $50 fee, will be issued for cancellations requested by Friday, November 6, 2015. Cancellations must be received in writing either by fax 919-537-3098 or email to cde@dentistry.unc.edu. The refund request includes: the name of the activity, the name of the person requesting the cancellation, and the reason for the cancellation. Non-refunds will be issued after Friday, November 6, 2015. Cancellations must be made in writing. The UNC School of Dentistry Continuing Dental Education Program cannot be responsible for the refund of any part of the registration fee as a result of emergencies, unforeseen circumstances, or events beyond its control after the cancellation date.

The University reserves the right to cancel or postpone any course due to unforeseen circumstances. In the event of cancellation or postponement, the University will fully refund registration fees but is not responsible for any related costs or expenses to participants, including cancelled hotel accommodations, airline, rental car or travel agencies.

Special dietary requirements will be honored whenever possible. Please be sure to notify our office in writing of your special need no later than Friday, October 30, 2015.

Registration Made Easy
Be sure to fill out all information on the registration form. Please make additional copies for each individual registration. Upon completion, you may either:

1. Register by mail

Send the completed registration form with a check or money order made payable to the UNC School of Dentistry to:

Attention: Registration UNC Continuing Dental Education Campus Box 7450

ACTIVITY DESCRIPTION

Comprehensive treatment planning of the complex aesthetic restorative case involving teeth and implants can be challenging. The key to success is to understand and develop predictable strategies in patient care.

This presentation will focus on diagnosis of dental and gingival architecture discrepancies. Solutions will focus on interdisciplinary treatment, including orthodontics, periodontics, and restorative dentistry. The latest research in these areas will be presented as well as innovative instrumentation to obtain these goals.

THE SPEAKER

Dr. Stephen Chu maintains a dual academic appointment in the Ashman Department of Periodontology and Implant Dentistry at New York University College of Dentistry as well as the Department of Periodontology at Columbia University College of Dental Medicine as a Clinical Associate Professor. He also maintains a private practice in fixed prosthodontics, esthetic, and implant dentistry in New York City.

Dr. Chu has published extensively in the dental literature and has given lectures nationally and internationally on the subjects of esthetic, restorative, and implant dentistry. Dr. Chu is on the editorial review board of several peer-reviewed dental journals. He is the recipient of the prestigious Peter Scharer distinguished lecturer award from the European Academy of Esthetic Dentistry. Dr. Chu is also the creator of Chu’s Gauges manufactured by Hu-Friedy Co., Inc.

EDUCATIONAL OBJECTIVES

At the completion of this activity, participants should be able to:

1. Analyze and treat tooth size discrepancies as it relates to individual tooth esthetics, occlusion, and the Bolton Analysis.
2. Identify and comprehend the latest studies on tooth size and shape and whether gender differentiation exists.
3. Differentiate what esthetic determinants define gingival esthetics.

"Treatment Planning Strategies for the Restoratively Compromised Dentition: Interdisciplinary Concepts"

Featuring Dr. Stephen Chu, DMD, MSD, CDT
