❑ I have special dietary needs, please explain:

❑ I have special needs, please contact me.

By providing my information, I consent to receive communication via mail, email, fax, and phone from the University to North Carolina Continuing Dental Education office. The Continuing Dental Education office will not share your information with anyone.

Dental education institutions have an obligation to disseminate new knowledge related to dental practice. In so doing, some presentations may include controversial materials or commercial references. Sponsorship of a continuing education course by the University of North Carolina does not necessarily imply endorsement of a particular philosophy, procedure, or product by this institution.
Activity Description:
Let’s face it, sitting through a lecture about dental caries or caries risk assessment isn’t appealing (in fact, it sounds downright boring). However, the science behind plaque biofilm and its impact on the human mouth is progressing at rapid speeds! In addition, the science on clinical cariology is beginning to have an impact on restorative techniques and technology.

Streptococcus mutans has more to fear than a rheostat, now that we’re armed with saliva diagnostics and bioactive materials. Join us to find out how this science can radically change your practice and the way you recommend patient treatment!

Acknowledgement
UNC School of Dentistry would like to acknowledge GC America Inc. and Shofu for their support of this conference with unrestricted educational grants.

Educational Objectives
At the completion of this activity, participants should be able to:

- Describe the three types of bacteria implicated in dental caries.
- Interpret results from diagnostic tests for dental caries.
- Implement targeted therapeutics in a variety of patients.
- Transition patients from high to low caries risk.
- Intervene medically in the caries process.
- Control patient caries risk with focused therapeutics.
- Improve the prognosis of restorative treatment.

Conflict of Interest
In accordance with the ADA CERP Standard V., everyone involved in planning or presenting this educational activity will be required to disclose any relevant financial relationships with commercial interests and this information will be made available to participants at the start of the activity. As a continuing education provider, UNC School of Dentistry is responsible for ensuring the content, quality and scientific integrity of all continuing dental education activities for which credit is provided.

About the Speaker
Dr. Brian Nový, DDS, FADI is the Director of Practice Improvement at the DentaQuest Institute, and an adjunct associate professor of restorative dentistry. He serves on the American Dental Association Council of Scientific Affairs, acts as the chair of the CAMBRA coalition, is a member of the Academy of General Dentistry and a clinical evaluator for the Catapult group. The California Dental Association Foundation presented him with the Dugoni Award for “Outstanding contributions to dental education,” and in 2009, the American Dental Association awarded Dr. Nový and his office the title, ”Adult Preventive Care Practice of the Year.”

**Cancellations and Refunds**

A registration refund, less a $50 fee, will be issued for cancellations received by Thursday, September 3, 2015. Cancellations must be received in writing either by fax 919-537-3098 or email to cde@dentistry.unc.edu. The cancellation request must include: the name of the activity, name of the person registered, name of the person requesting the cancellation, and the reason for the cancellation.

**ADA STATEMENT:**

The University of North Carolina at Chapel Hill is committed to equality of educational opportunity and does not discriminate against applicants, students, or employees on the basis of race, color, religion, sex, national origin, age, disability, veteran’s status, or sexual orientation. If you require reasonable accommodation for a disability in order to participate fully in this continuing education activity, please call 919-537-3400 no later than Friday, April 10, 2015 or attach a note to your registration form.

**ADA CERP! Continuing Education Recognition Program**

This continuing education program is presented by the UNC School of Dentistry and the Continuing Dental Education Program. The UNC Continuing Dental Education program is an ADA CERP Recognized Provider. UNC CDEs term of recognition is May 1, 2015 through June 30, 2019. ADA CERP does not approve or endorse individual courses or instructors, nor does it imply acceptance of credit hours by boards of dentistry. Concerns or complaints about a CE provider may be directed to the provider or to ADA CERP at www.ada.org/cerp.
Activity Description:

Let's face it, sitting through a lecture about dental caries or caries risk assessment isn't appealing (in fact, it sounds downright boring). However, the science behind plaque biofilm and its impact on the human mouth is progressing at rapid speeds! In addition, the science on clinical cariology is beginning to have an impact on restorative techniques and technology. Step-by-step initiatives have more to fear than a cheetah, now that we're armed with salivary diagnostics and bioactive materials. Join us to find out how this science can radically change your practice and the way you recommend patient treatment!

Conference Information

Friday, September 11, 2015 • 8:30 am – 4:30 pm

Registration and Fees

The registration fee is $285 for dentists and $185 for RDH and team members. The registration fee includes course materials, CE credit and all meals listed in the agenda. All registrations must be received by Thursday, September 3, 2015. UNC Continuing Dental Education designates this activity for up to 6 hours of CDE credit.

UNC CDE recommends that you do not make air travel arrangements prior to receiving a receipt of payment or confirmation. UNC CDE is not responsible for any travel-related costs.

Register by Mail: Attention: Registration, UNC Continuing Dental Education, Campus Box 7450, Chapel Hill, NC 27599-7450

Questions: Call us at (919) 537-3400 or email us at cde@dentistry.unc.edu

Registration (Limited is registered)

Cancellations and Refunds

A registration refund, less a $50 fee, will be issued for cancellations received by Thursday, September 3, 2015. Cancellations must be received in writing either by fax 919-537-3098 or email to cde@dentistry.unc.edu. The cancellation request must include: the name of the activity, name of the person registered, name of the person requesting the cancellation, and the reason for the cancellation. No refunds will be issued after Thursday, September 3, 2015.

The UNC School of Dentistry Continuing Dental Education Program cannot be responsible for the refund of any part of the registration fee as a result of emergencies, unforeseen circumstances, or events beyond its control after the cancellation date.

The University reserves the right to cancel or postpone any course due to unforeseen circumstances. In the event of cancellation or postponement, the University will fully refund registration fees but is not responsible for any related costs or expenses to participants, including cancellation fees assessed by hotels, airlines, rental car or travel agencies.

SPECIAL DIETARY REQUIREMENTS will be honored whenever possible. Please be sure to notify our office in writing of your special need no later than Friday, August 28, 2015.

The University of North Carolina School of dentistry cautions continuing dental education participants that there are potential risks of using limited knowledge when incorporating new techniques and procedures into the practice of dentistry, especially when the continuing education course has not provided supervised clinical experience and/or competency tests in the techniques or procedures.

By providing my information, I consent to receive communication via mail, email, fax, and phone from the University to North Carolina Continuing Dental Education office. The Continuing Dental Education office will not share your information with anyone.

Dental education institutions have an obligation to disseminate new knowledge related to dental practice. In so doing, some presentations may include controversial materials or commercial references. Sponsorship of a continuing education course by the University of North Carolina does not necessarily imply endorsement of a particular philosophy, procedure, or product by this institution.
