Program
Discover the latest OSHA requirements concerning bloodborne pathogens and exposure control. You will also learn the details of the latest Center for Disease Control (CDC) guidelines for dentistry, barriers, epidemiology, and principles of sterilization. OSHA’s annual training requirements will be satisfied except for office specifics.

At the completion of this activity, participants should be able to:
1. Review and discuss the latest OSHA regulations as they pertain to dentistry with an emphasis on bloodborne pathogens.
2. Discuss the epidemiology and current CDC recommendations for prevention and transmission of HIV, HBV, HCV, TB, and other pathogens associated with clinical dentistry.
3. Review requirements for an effective needle stick/sharp exposure policy and post-exposure protocol.
4. Discuss new regulations for record keeping in the dental office.

About the Speakers
Dr. Ralph Leonard is the practice director of the Dental Faculty Practice and holds the Jim and Isabel Harrell Distinguished Professorship in Family Dentistry.

Dr. Valerie Murrah currently serves as a professor and chair of the School of Dentistry Department of Diagnostic Sciences.

Registration Fee and Credit
All registrations must be received by October 31, 2015. The registration fee is $175 for dentists and $135 for team members. The program will award 3 hours of CDE credit.
Prevention and Management of Medical Emergencies in the Dental Office

Afternoon Program

Emergency situations do happen. How well prepared are you and your office staff for medical emergencies? Complete a self-assessment and find the years of your practice has required to maintain a patient in a stable condition until qualified medical help arrives. This course is designed around the fundamental principles of reducing risk factors, identifying signs and symptoms and rendering fast, effective treatment for selected emergency situations. Topics include syncope, orthostatic hypotension, pulmonary edema, hypoglycemia, diabetic reactions, seizures and other causes of altered consciousness.

At the completion of this activity, participants should be able to:

1. Develop a basic emergency kit.
2. Prepare your dental office for emergency situations.
3. Recognize and manage allergies, respiratory distress, seizures, chest pain, and altered consciousness.
4. Identify the do’s and don’ts during an emergency situation.

Conflict of Interest

In accordance with the ADA CERP Standard V, everyone involved in planning or presenting this educational activity will be required to disclose any relevant financial relationships with commercial interests and this information will be made available to participants at the start of the activity. As a continuing education provider, UNC School of Dentistry is responsible for ensuring the continuing education activities for which credit is provided. The School is also responsible for taking steps to protect against and/or disclose any conflict of interest of the faculty/instructors preparing these courses.

About the Speaker

Mrs. Linda Steward is an Adjunct Associate Professor in the Department of Dental Hygiene and a consultant for Total Dental Care. Mrs. Steward has dedicated herself to Dental Education for over 30 years, and she has served as a consultant and staff representative for the American Dental Association Commission on Dental Accreditation. Mrs. Steward received her B.S. in Dental Auxiliary Teacher Education and an M.A. from the University of North Carolina at Chapel Hill. Mrs. Steward has directed numerous continuing education seminars at local, state, national and international meetings and has published related articles in professional journals.

ADA CERP Recognition Program

This continuing education program is presented by the University of North Carolina at Chapel Hill School of Dentistry and the Continuing Dental Education program. The UNC Continuing Dental Education program is an ADA CERP Recognized Provider. UNC CEDE's term of recognition in May 2015 through June 2016. ADA CERP is a service of the American Dental Association to assist dental professionals in identifying qualified providers of continuing dental education. ADA CERP does not approve or endorse individual courses or instructors, nor does it imply acceptance of credit hours by boards of dentistry. Concerns or complaints about a CE provider may be directed to the provider or to ADA CERP at www.ada.org/cerp.
