Morning: OSHA, TB, Bloodborne Pathogens and Infection Control: Annual Update

Featuring Dr. Valerie Murrah

Afternoon: DANB Infection Prevention

Featuring Ms. Tiffanie White

Friday November 30, 2018

Sponsored by the UNC School of Dentistry
Departments of Diagnostic Sciences and Dental Ecology
Location: UNC Friday Center
Courses

MORNING: OSHA, TB, Bloodborne Pathogens and Infection Control: Annual Update

Discover the latest OSHA requirements concerning bloodborne pathogens and exposure control. You will also learn the details of the latest Center for Disease Control (CDC) guidelines for dentistry, barriers, epidemiology, and principles of sterilization. OSHA’s annual training requirements will be satisfied except for office specifics.

AFTERNOON: DANB Infection Prevention

This course provides updated information relating to prevention and control of dental office infections. This course will also satisfy the 2-hour infection control requirement of DANB.

Cost

Morning Course: $175.00 Dentist
$135.00 Team Member

Afternoon Course: $150.00 Team Member

6 Hours Total – The UNC School of Dentistry designates each course for up to 3 hours of continuing education credits. Attend both courses on November 30th and lunch is on us!
