CONTINUING DENTAL EDUCATION
COMPREHENSIVE IMPLANTOLOGY CONTINUUM:
FROM TREATMENT PLANNING TO HANDS-ON SURGERY
FALL 2017 - SPRING 2018

Course Directors:
Dr. Dennis F. Tarnow
Dr. James B. Fine

COLUMBIA UNIVERSITY COLLEGE OF DENTAL MEDICINE
REGISTER ONLINE:
dental.columbia.edu/ce
This continuing education course will train you in Columbia University College of Dental Medicine’s (CDM) philosophy and conceptual approach to Implant Dentistry.

**COURSE DIRECTORS**

Dennis P. Tarnow, DDS
Clinical Professor of Dental Medicine, Director, Implant Education, CDM; Private Practice in Implant Dentistry, NYC.

James B. Fine, DMD
Professor of Clinical Dental Medicine, Senior Associate Dean for Academic Affairs, CDM; Private Practice in Periodontics, NYC and NJ

**PART I: DIDACTIC AND HANDS-ON MODEL-BASED TRAINING**

**COURSE DESCRIPTION**

This continuum will enable general practitioners and specialists to integrate basic implantology into your private practice. Training in patient evaluation, surgical placement and implant prosthetics will be provided along with hands-on, model-based training. You will learn step-by-step techniques to allow for safe and predictable implant placement.

**COURSE OBJECTIVES**

This course will enable you to:

- Learn the biology of osseointegration
- Assess the appropriateness of implants in the partially or fully edentulous patient
- Decide on the appropriate diagnostic radiographs/materials required in treatment planning
- Develop the surgical skills required for placement of implants
- Learn advanced prosthetic treatment planning
- Understand impression making, abutment selection, temporization and final restoration of implants
- Understand proper bone grafting and site development procedures
- Learn how to accomplish esthetic outcomes with implant prosthetics
- Understand wound healing and the effect of systemic diseases and medications on dental implant patients
- Practice socket preservation techniques on maxillary mandibular typodonts.

**PART II: CLINICAL IMPLANT PLACEMENT (optional)**

Upon successful completion of Part I of the Continuum, you have the option of performing up to two surgical implant placements on your patient. These sessions will be instructed by a CDM faculty member in a one-to-one clinical setting. Prior to performing implant placement, all Part II participants must first observe two implant procedures in our clinic. Participants may also opt for observation only. Additional course fees will apply.

This course meets the continuing education requirements for the International Congress of Oral Implantologists (ICOI)’s Fellowship Credential and contributes to the maintenance requirements for ICOI Fellowship, IPS Master and ICOI Diplomate Credentials.
