The Thomas Cangialosi Annual Orthodontic Alumni Meeting

Date Friday, June 21, 2019
Time 9:15 a.m. to 4:00 p.m.
Location The Penn Club
30 W. 44th Street
New York, NY 10036

CE Credits 5 credit hours
The meeting is sponsored by the Orthodontic Alumni Society & Columbia University College of Dental Medicine. Columbia University College of Dental Medicine is an ADA CERP Recognized Provider 11/1/17 through 12/31/21. ADA CERP is a service of the American Dental Association to assist dental professionals in identifying quality providers of continuing dental education. ADA CERP does not approve or endorse individual courses or instructors, nor does it imply acceptance of credit hours by boards of dentistry. Participants: Continuing Education credits awarded for participation in the CE activity may not apply toward license renewal in all states. It is the responsibility of each participant to verify the requirements of his/her licensing board(s) and to report credits to the appropriate authority.

Speakers and Topics

Treating the Growing Patient with Invisalign First and Invisalign Mandibular Advancement

Dr. William Kottemann
Private practice in Orthodontics, Minneapolis, MN
Diplomate, American Board of Orthodontics
Member, Align Technology Speakers Bureau and teaching faculty

Description & Learning Objectives
- Learn how to use the 3D controls in the Invisalign ClinCheck to set up a case to reduce the need for additional aligners. The goal is a 20% refinement rate.
- Learn how to use the child-specific product, Invisalign First® to do more comprehensive orthodontic corrections in the early mixed dentition.
- Understand how to use the Mandibular Advancement feature built in to aligners to correct Class II malocclusions in growing patients.
- Learn all details in the application of elastics with aligners in the correction of Class II or Class III growing patients.

Taking Back Control: The Choice is Yours

Dr. Adam Schulhof, Ortho ’03
Private practice in Orthodontics, New Jersey and New York Board-certified Orthodontist

Description & Learning Objectives
- Understand how to balance patient demands with treatment objectives for an optimal result.
- Learn how to present and provide treatment options that meet the patient’s demands.
- Analyze case examples that demonstrate esthetic choice based care options including labial, lingual, clear aligner, and combination therapy modalities.
- Review clear aligner therapy mechanics for various case examples.
- Discuss how to implement a new clear aligner option into your practice workflow.
