Refund Policy
No refunds will be issued once payment is received. A $25.00 administration fee will be charged for any cancelled registrations. No refunds will be issued after May 8, 2018.

REGISTRATION DEADLINE: May 7, 2018

Online registration is required.

Questions?
Please call 719-776-3673, or email Brandi at BrandiMartinez2@centura.org.

We are part of the Centura Health Trauma System, the region’s leading and most comprehensive network of trauma care and emergency services.
CONCLUSION OF THE EVENT PARTICIPANTS WILL BE ABLE TO:

Hospital Track
• Discuss current and innovative trends as it relates to the trauma patient.
• Discuss current standards of care and principles of damage control utilizing Massive Transfusion Protocols in trauma while applying novel coagulation testing to improve overall patient outcomes.
• Identify and evaluate Spinal Cord injuries to determine operative and non-operative treatment options. Describe post-operative and post-injury management of Spinal Cord injuries to include utilization of Exoskeletons during rehabilitation.
• Identify indications for performing damage control laparotomies, discuss surgical techniques utilized, and describe postoperative management.
• Review and discuss ED and surgical management of a severely injured patient, including ethical issues that arise.
• Discuss current treatment and evolving practice related to ICU management of the multi-trauma patient to include Identification and management of ARDS and ALI in the trauma patient.
• Identify forensic practices that will deliver safe, quality patient care and positive impact legal outcomes.
• Discuss ways to improve the care of the trauma patient by establishing and utilizing evidence based practice and research to ensure the patient has an optimal outcome.

Pre-hospital Track
• Understand management approaches and associated complications to the most commonly ingested foreign bodies in children.
• Describe current state of Colorado’s EMS and trauma system.
• Define policy updates including recent rule revisions and how those revisions affect the EMS/trauma system.
• Define policy updates including recent rule revisions and how those revisions affect the EMS/trauma system.
• Understand management approaches and associated complications to the most commonly ingested foreign bodies in children.
• Describe current state of Colorado’s EMS and trauma system.
• Define policy updates including recent rule revisions and how those revisions affect the EMS/trauma system.
• Provide opportunities for participating in stakeholder engagements for current policy work/rule revision while answering questions related to Colorado’s EMS system.
• Describe emotional reactions that people exhibit during crisis situations and identify verbal communication techniques used to improve patient care.
• Describe how successful interactions with patients begin with honoring you.
• Still stations to include: Airway, ILS, Rapid Trauma Assessment, Case Study Reviews.

SCHEDULE
0700-0715 WELCOMING REMARKS AND ANM COLOR GUARD
0745-0800 Evidence Based Pre-Hospital Procedures - Bradford Scott, MD
0800-0900 Magnets, Button Batteries, and Causitive Ingestions - Christine Waasdorp Hurtado, MD
0900-1000 Magnets, Button Batteries, and Causitive Ingestions - Christine Waasdorp Hurtado, MD
1000-1030 Goal Directed Resuscitation in Trauma - James Sullivan, MD
1030-1100 Evaluation and Treatment of Spinal Cord Injury - Ronald Hammer, MD
1100-1130 Exoskeleton Utilization and Clinical Integration - Candy Terfertiller
1130-1200 State of the State - Jeanne Marie Bakshouse
1200-1230 LUNCH
1230-1300 Can you manage this airway? - Jennifer Barrett, RN
1300-1330 More Than Just A SANE Exam - Jeanne Marie Bakshouse
1330-1400 “I Got a Bone to Pick” (IO Skills) - William Lechuga, MD
1400-1430 Rapid Trauma Treasure Hunt - Timothy Hurtado
1430-1500 Rapid Trauma Treasure Hunt - Timothy Hurtado
1500-1530 “I Got a Bone to Pick” (IO Skills) - William Lechuga, MD
1530-1600 Can you manage this airway? - Jennifer Barrett, RN
1600-1730 Cot Tales - Steve Berry
5 Publications That Changed Trauma Practice - Charles Mans, MD

PENROSE HOSPITAL AND ST. FRANCIS MEDICAL CENTER FACULTY
Jennifer Barrett, RN, MSN, CNS, SANE
Trauma Medical Director
Penrose Hospital

David Hamilton, MD, FACS
Trauma Medical Director
St. Francis Medical Center

James Suliburk, MD, FACS
Professor of Surgery
Baylor College of Medicine

Alain Ed, MD
Physiatrist
Penrose Hospital

Ronald Hammers, MD
Medical Director
Colorado Springs Neurological Associates

Jennifer-Marie Bakshouse
CPMs Emergency Medical and Trauma Services
